Welcome to **CUES** News

**CUES MARK3 -
A compact, durable, and portable pipeline inspection system**

You asked, we listened! We value our customers' input and are proud to offer a new solution to pipeline inspection demands. Sanitary and storm sewer in-pipe conditions are difficult enough; simply getting the equipment to the access point should not be the issue. The [CUES MARK3](#) is a crossover tool for those needing a portable system for easement / off-road work, complementary mainline work, or an affordable platform for those performing infrequent inspections. As a complement to our time-tested mainline equipment, the MARK3 fills the void between portable and traditional vehicle-mounted systems and is compatible with existing CUES equipment. To learn more about MARK3, [contact your CUES Regional Sales Manager](#).

VISIT US AT STORMCON 2017

CUES will be attending [StormCon 2017](#) in Bellevue, Washington, on August 27-31, 2017. StormCon is the world's largest stormwater pollution prevention conference and trade show! Stop by and visit CUES in Booth #433, where we will have exciting innovations for the stormwater industry, as well as experts and top executives on hand to answer any questions you may have. We hope to see you there!

UPCOMING SHOW/SPEAKER EVENTS

CUES sales professionals, along with over 20 authorized CUES dealerships, attend over 50 shows per year domestically and worldwide. Most of these shows offer learning opportunities, workshops, and/or exhibits to help educate visitors on the latest technology and tools in the industry. CUES is proud to not only attend these shows, but also provide [key note speakers](#) on a range of topics and products. Be sure to check out upcoming speaker details on the [CUES website](#).

Upcoming Show Speakers / Presenters:

NAME OF SHOW	SPEAKER	FEATURED PRODUCT	DATE OF SHOW
33rd Annual Tri-State Seminar, Las Vegas, NV	Pierre Mihail	SPDR Scanner / Manhole Inspection Technology	September 26-28, 2017
