Deploy/Retrieve Hook

4-Function Pendant Control

Automated Extension

CUES EXCLUSIVE POWER BOOM CRANE

Introducing the CUES Exclusive Power Boom Crane with Automated Extension - 750 lb. capacity with a push-button, 4-function, detachable, 12' pendant control. The power actuated boom extends and retracts up to 24" at the touch of a button for precise deployment/retrieval placement of the transporter/camera. High intensity LED lighting is also included to help light up the manhole to assist in deployment/retrieval of the transporter/camera. [Click here](#) to view a short video of the power boom crane lifting the CUES Steerable Mudmaster. To learn more about CUES products, [contact your CUES Regional Sales Manager](#).

VISIT CUES AT THE 17TH ANNUAL WRWA 2018 OUTDOOR EXPO

Visit CUES at the Wisconsin Rural Water Association's Outdoor Expo on Thursday, August 23, 2018. This one day outdoor event is attended by over 700 water, wastewater and plumbing industry professionals from the state of Wisconsin. CUES will have exciting new innovations for the water, wastewater, stormwater industries, as well as experts and top executives on hand to answer any questions you may have. We hope to [see you at the expo!](#)

PROGRESS IS BEING MADE!

CUES is pleased to announce that after many months of hard work and dedication, CUES will be launching a brand new website very soon! The launch date is still to be determined, so check back often. The CUES website URL will remain the same: www.cuesinc.com

Our goal with this new website is to provide our visitors an easier way to learn about CUES products and solutions for the water, wastewater, and stormwater industries and also to allow the visitor to browse information based on their own choice.

CUES TIPS VIDEO - USING ANTI-FOG WITH YOUR SEWER CAMERA

CUES has released another CUES TIPS video! CUES TIPS videos are short, simple, instructional videos or "tips" on the operation of CUES products.

[Click here](#) to watch the "Quick tip on using anti-fog with sewer cameras " video on the CUES YouTube channel. By following these simple steps, you'll be able to reduce the amount of condensation on your sewer camera and keep the lens clean during pipeline inspections.

QUALITY USED INVENTORY FOR SALE
