

# Quick ZoomCAM

## Confined Space Inspection Camera

The Quick ZoomCAM easily connects to any existing TV system. The stand-alone capability and wireless video options allow the customers to choose the packages that are best suited for them. Start with the base unit and configure your system the way you want it!

"The Standard of the Industry"

World's Leading Manufacturer of  
Pipeline Inspection Equipment

### Quick ZoomCAM Base Unit

The Quick ZoomCAM base package includes a ZOOM camera with 18X optical zoom and 4X digital zoom, halogen point lighting, light enhancement features, a hand control unit for power, camera zoom, shutter speed, focus, and lights, and a lightweight extendable inspection pole with attached camera for 7.5' to 25' depths.

### Customer Choice Packages

#### **PACKAGE #QZ901 - Use the QuickZoomCAM with an existing TV unit!**

Includes an A/B video switch and all necessary interconnect cables to operate the Quick ZoomCAM with an existing TV unit.

#### **PACKAGE #QZ902 - Sony DVR with 4" LCD Screen**

Includes the high quality Sony DVR (Digital Video Recorder) with a 4" LCD screen, power supply with 21 amp-hour battery/inverter/charger/auxiliary light, and custom padded case with LCD sun screen with neck strap for a great stand-alone system.

**PACKAGE #QZ902-1 - Includes all components listed in Package #QZ902, but includes a battery belt instead of the 21 amp-hour power supply.**

#### **PACKAGE #QZ903 - Wireless video to a TV Unit**

Includes 2.4 Ghz wireless video transmitter and video/audio receiver, all cabling, battery and charger, and A/B video switch to interface with your existing digital video capture system.

#### **PACKAGE #QZ903-1 - Wireless Video to a TV Unit and VCR Audio**

**Includes all components listed in Package #903, but the A/B video switch includes audio/video & headset with boom/microphone**

#### **PACKAGE #QZ904 - Wireless Video with 13" Monitor/VCR**

Includes 2.4 Ghz wireless video transmitter and video/audio receiver, all cabling, 13" color monitor with built-in VCR and remote control.

#### **PACKAGE #QC911 - LCD monitor with wireless receiver**

Adds a 5.6" color LCD monitor with 2.4 Ghz video receiver, DC power interconnect cable to battery belt, and custom LCD case with sun shade and neck strap. This package can only be purchased in *addition* to package QZ903 or QZ904.

### Customer Choice Add-on Options

#### **Option #EC928-1 - USB Video/Picture Capture to Laptop**

Adds the USB interface with video capture and editing software to allow the camera's video to be captured to a laptop computer. This option can be added to package(s) QZ902, QZ903 or QC911.

**Option #QC909 - Adds a 300 watt Inverter and AC plug adapter to Package #QZ904.**
