CUES New Product - LAMP II LAUNCHER STORAGE DRAWER/POWER BOOM CRANE DEPLOYMENT SYSTEM

www.cuesinc.com

August 5, 2019

Orlando, Florida, USA - CUES is proud to introduce the new LAMP II launcher storage drawer/Power Boom crane deployment system. The system features a storage location engineered specifically for the LAMP II lateral launcher paired with a CUES exclusive Power Boom crane engineered to provide efficient manhole deployment/retrieval of the LAMP II lateral launcher.

The features of the system include:

- Heavy duty welded drawer assembly manufactured from 3/16" thick aluminum paired with heavy-duty drawer slides rated for 360 lbs.
- Drain holes are included in the heavy-duty storage drawer for equipment cleaning.
- The heavy-duty storage drawer is engineered to house a LAMP II lateral launcher in 6" to 8" configurations with a lateral P&T camera and a rear view camera.
- The CUES exclusive Power Boom crane includes a powered boom providing 24" of automated extension, high-powered LED manhole lights, and a 750 lb. capacity rating.

Check with your CUES Regional Sales Manager for additional information.

About CUES, a Subsidiary of SPX Corporation - As the world's leading manufacturer of water, wastewater, and stormwater inspection equipment, CUES provides the necessary tools for both pipeline inspection and repair. For 50+ years, CUES has manufactured the most rugged and reliable pipeline inspection equipment in the industry. CUES also offers a range of advanced systems, such as SONAR, LIDAR, and LASER PROFILING, for those requiring more detailed inspection data. For more information, visit www.cuesinc.com.
